

IDSE7EN proves you don't have to be a cover band to get an **enthusiastic** audience. They choose the **power** of their **own** repertoire, brought with **energy** and **flair** to make every song a hit.

IDSE7EN plays **pop** songs fused with a large dose of **funk, rock** and **soul**. An authentic **sound**, using horns, Hammond and Rhodes. Mostly their **interaction** with the audience creates a **show** that both pleases the listener and makes the dancer **move**.

No audience is the same, and as a result, every evening with **IDSE7EN** is a **unique** experience. **"Let's have fun groovin' together!"**
